Aetheria Academy of Resonance and Weaving

Extracurriculars & Clubs

Aetheria Extracurriculars & Clubs

Academic study is only one part of an Aetherian education. Students are highly encouraged to participate in clubs and sports to hone their practical skills.

1. QUADRANT SKYBALL TEAMS

Skyball is the premier sport of the aetheric world. It is played on hover-boards in the massive open-air stadium.

- The Game: Three Chasers attempt to throw the Quaffle-Sphere through the opponent's energy hoops. Two Beaters use kinetic-bats to deflect aggressive Bludger-Drones. The Keeper defends the hoops, and the Seeker hunts the tiny, hyper-fast Snitch-Prism.
- Tryouts: Held in the second week of the Autumn Cycle.
- Rules: First-years are not allowed their own hover-boards and generally cannot join quadrant teams, though exceptions have been made for prodigious talent. Intentional ramming of an opponent's board is a foul resulting in a free penalty throw.

2. THE RESONANCE DUELING CLUB

Learn how to deflect aether-strikes and defend yourself against your peers in a controlled environment.

- Meetings: Thursdays at 7:00 PM in the Grand Nexus (tables are cleared).
- Rules: Only sanctioned stunning, disarming, and kinetic push weaves are allowed. Use of void-magic or permanent shifting is strictly prohibited and will result in immediate expulsion from the club and the academy.
- Format: Students duel one-on-one on the raised platform. A tournament bracket is held in the Spring Cycle.

3. KINETIC-SPHERE CLUB

A popular recreational game.

- The Game: Similar to traditional marbles, but played with small, aether-infused spheres. Players use localized gravity weaves to knock opponent spheres out of the ring.
- Hazard: The spheres emit a slight electric shock to the loser of each round.
- Meetings: Daily in the central courtyard during free periods.

4. S.P.A.R.K. (Society for the Protection of Artificial Resonant Kin)

A student-led activist group dedicated to the ethical treatment of sentient constructs.

- Mission: Many maintenance droids and older golems possess a rudimentary sentience. S.P.A.R.K. advocates for their regular maintenance, fair treatment, and prevents them from being used for hazardous waste disposal.
- Activities: Cleaning graffiti off caretaker drones, protesting unfair labor practices, and knitting thermal-covers for the smaller constructs during winter.
- Dues: Two Aether-Credits per cycle.

5. THE HARMONIC CHOIR

For students with musical inclination.

- The Choir: A group of students who sing intricate harmonies accompanied by resonant crystal chimes and floating acoustic amplifiers.
- Performances: They perform at the Festival of Luminescence, the Crystal Gala, and the Leaving Feast.
- Auditions: Held in September. A good ear for pitch and a steady aetheric aura are required.

6. THE APEX SYNDICATE

An elite, invitation-only networking club.

- Hosted By: Alchemist Vane.
- Purpose: Vane selects students who show exceptional promise, ambition, or have influential family connections. The club hosts exclusive dinners featuring rare synth-delicacies.

• Benefit: It is widely known that members of the Syndicate often secure highly prestigious apprenticeships after graduation.
